Introducing our Product

10x Coffee Machine

Price | 100\$

Beverages | 4

Users | ∞

Happiness | 10x

10x Coffee Machine is a **Customizable Coffee Machine Based on Face Recognition**

"Give Everyone their Favorite Coffee!"

Users can get their favorite coffee just by stading in front of the 10x coffee machine.

TEN N TENS

10X Coffee Machine

DEMONSTRATION

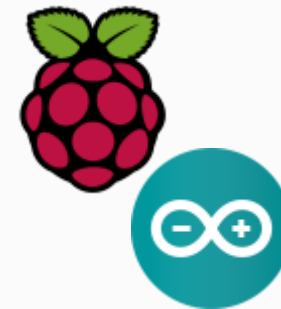

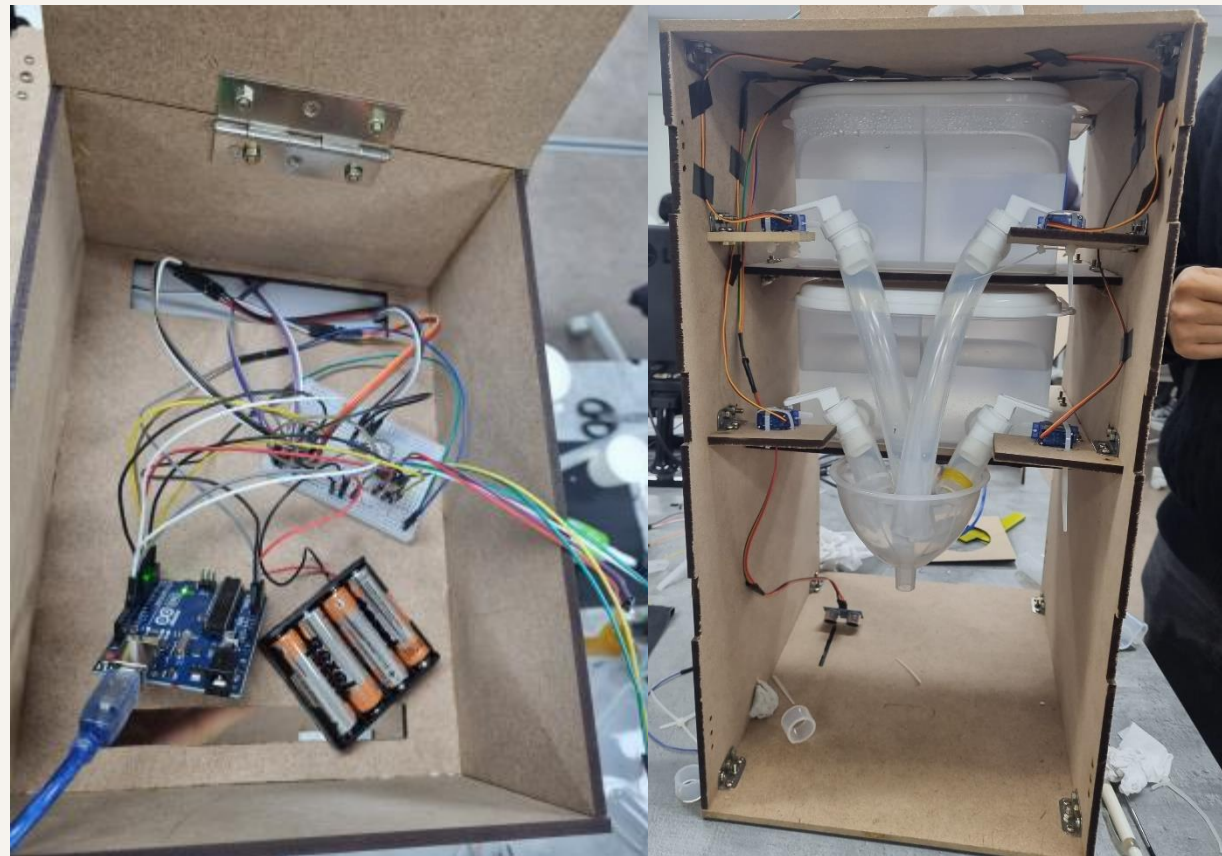

Mechanism

Key Technology

Mechanism

Mechatronics

Customized Control Signal

Determine the ratio of beverage using data saved in Raspberry Pi
Check if cup is ready using ultrasonic sensor

Face Recognition

Using Camera and Open CV tool, verify the user

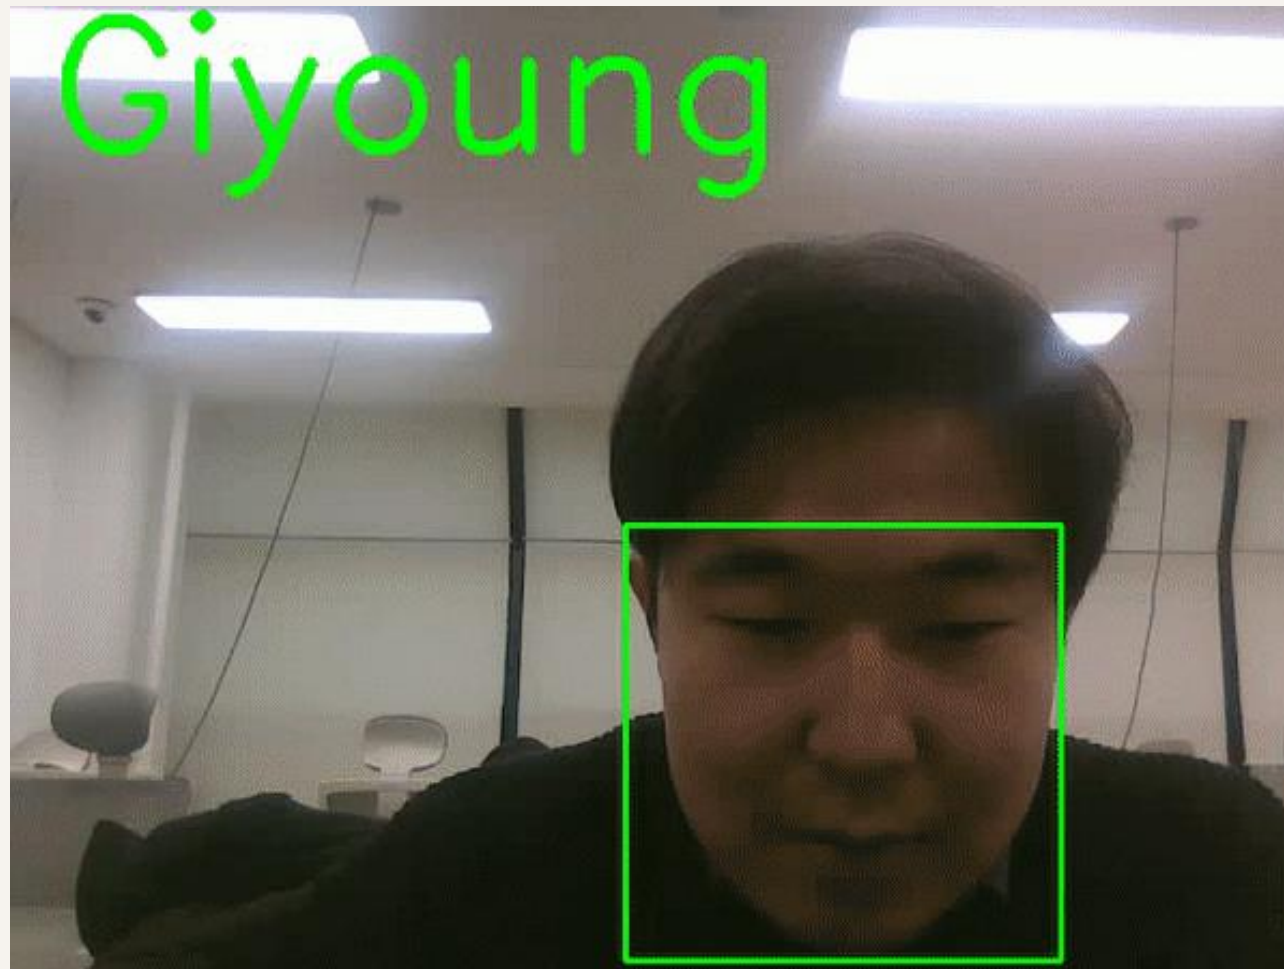

Control Valve

Control Valve using Servo Motors, pouring beverages

Mechanism

AI

Raspberry Pi Camera

2\$ Cheap Camera with 1080×720 pixel resolution

Image Dataset

Need a single face images of user to train

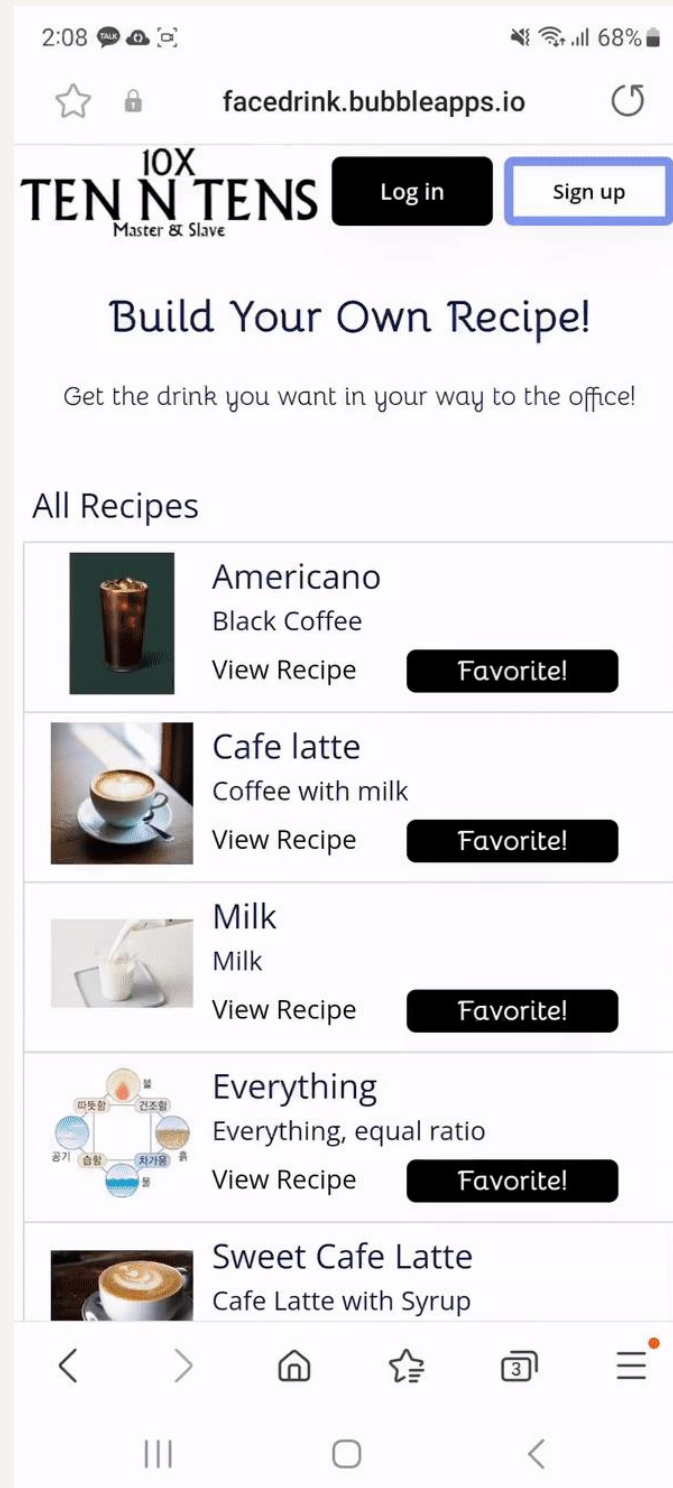

Open CV

Python library for computer vision

Mechanism

Application

Bubble

Tool for making basic mobile applications

Photo Data

Users can upload their photos for training

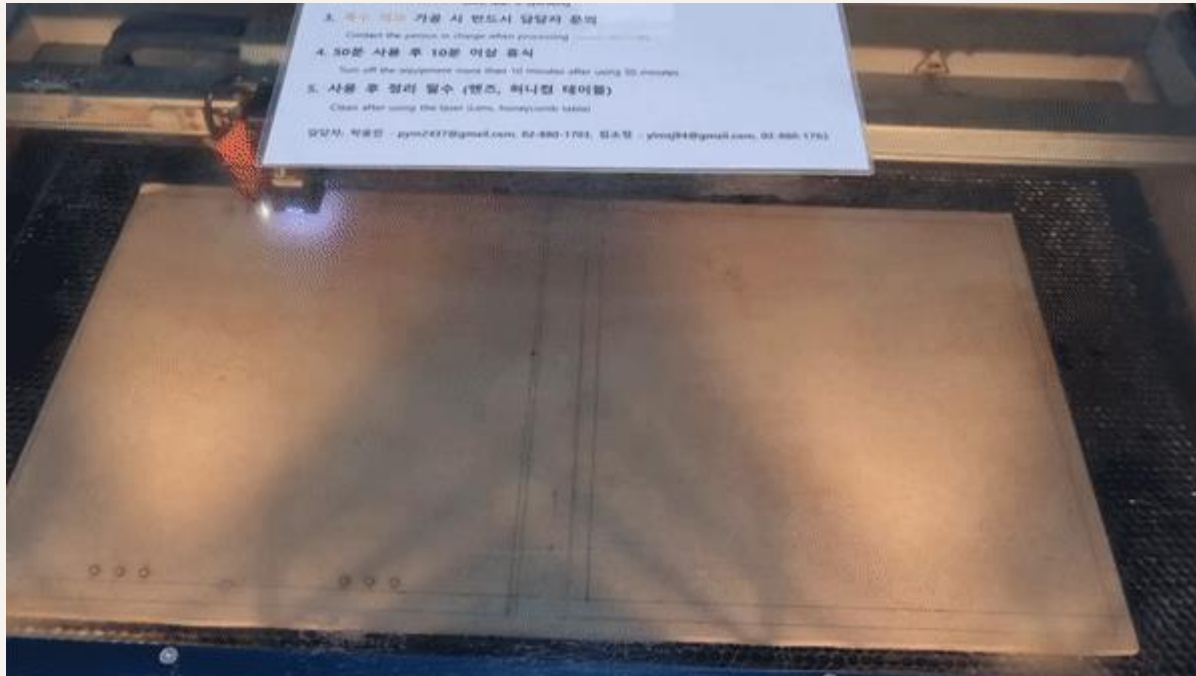

Select Beverage

Users can select their beverages

Mechanism

Manufacturing

Laser Printer

Strong tool for making exterior of luxurious coffee machine

Solidworks

3D CAD tool made for designing coffee machine

Market Size

Domestic Coffee Machine Market

국내 성인 1인당 커피 소비량

※()안은 세계 성인 평균 대비

연간 353잔(약 2.7배)

국내 성인 평균

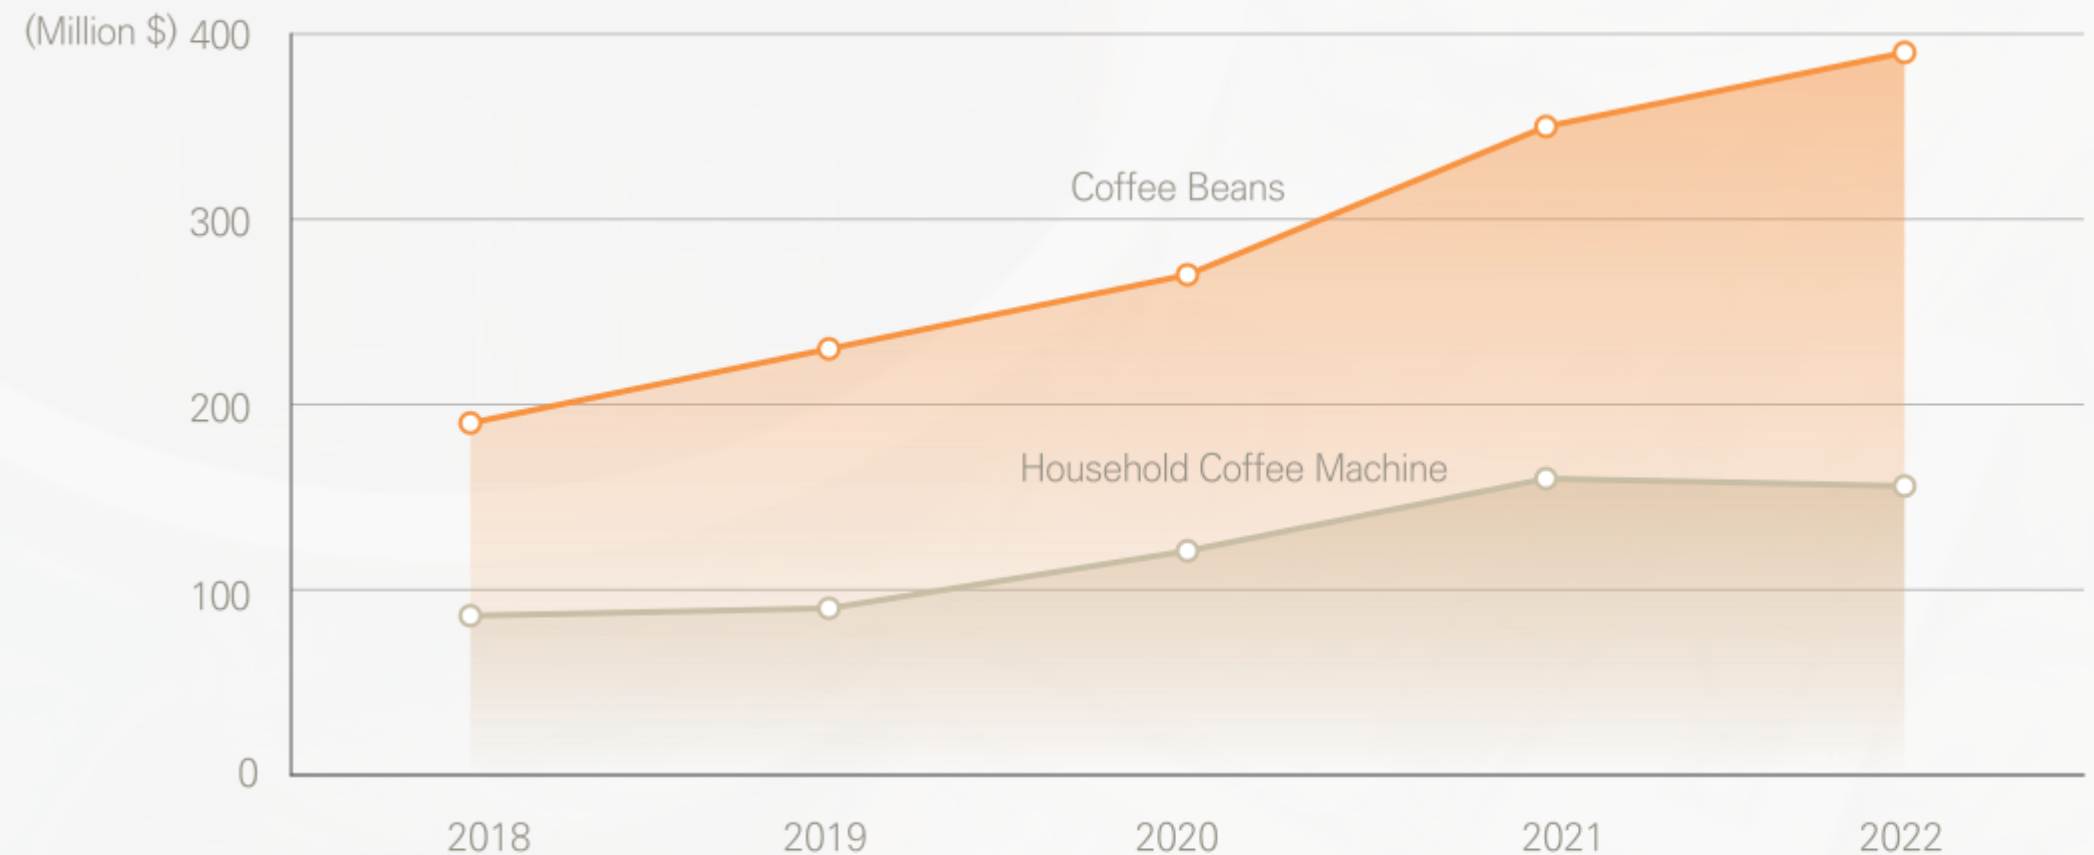

연간 132잔

세계 성인 평균

자료: 현대경제연구원

The JoongAng

Domestic Coffee Machine Market is **HUGE** and even **increasing**

Competitive edge

Why is 10x Coffee Machine so special?

Large Choice of Beverage

Satisfies the tastes of many people: Office, Family
Users can choose different beverages anytime

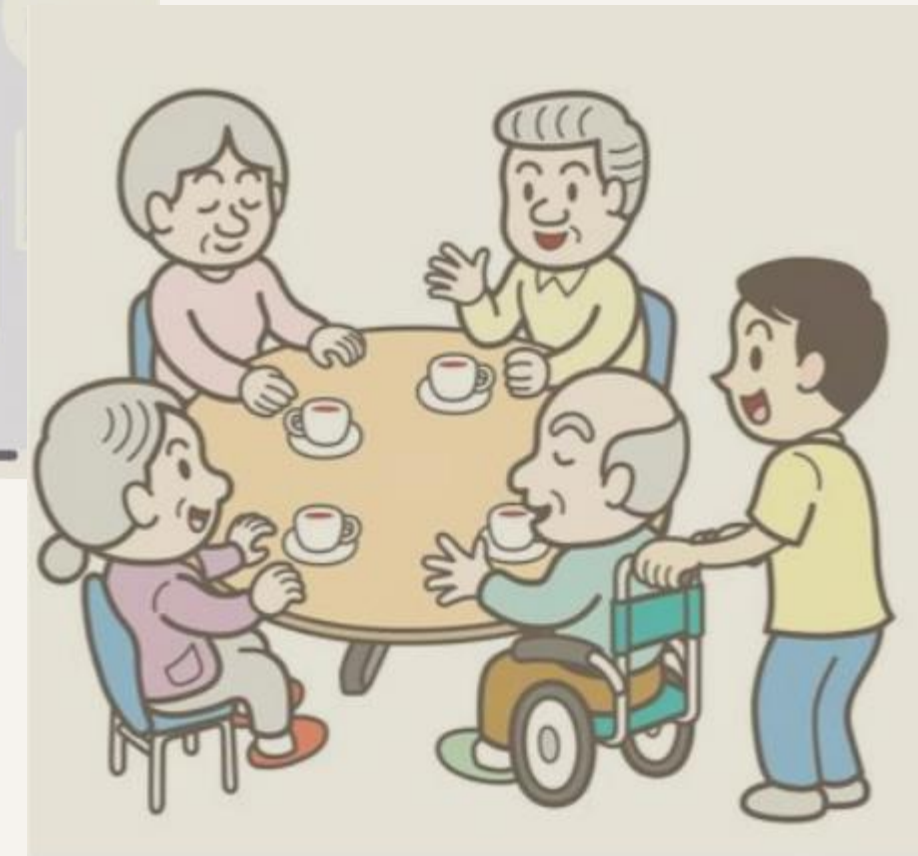

Time-Efficient and simple control

Users takes much less time selecting, or draining their coffee
Very simple control: one initial application setting is all!

Super Low Cost

10x Coffee Machine is twice as cheap as commercial coffee
Machine

Competitive edge

Commercial Strength of 10x Coffee Machine

Low Production Cost

Item	#	Price
Container	2	7\$
Hose	1	7\$
Wood	1	10\$
Ultrasonic sensor	1	1\$
Servo Motor	4	1\$
Camera	1	2\$
Totla Price		38\$

#1 Coffee Machine on Coupang

230\$

#1 Vending Machine on Coupang

300\$

10x Coffee Machine

100\$

Twice cheaper than commercial coffee Machine

Competitive edge

Comparison with Existing Patent

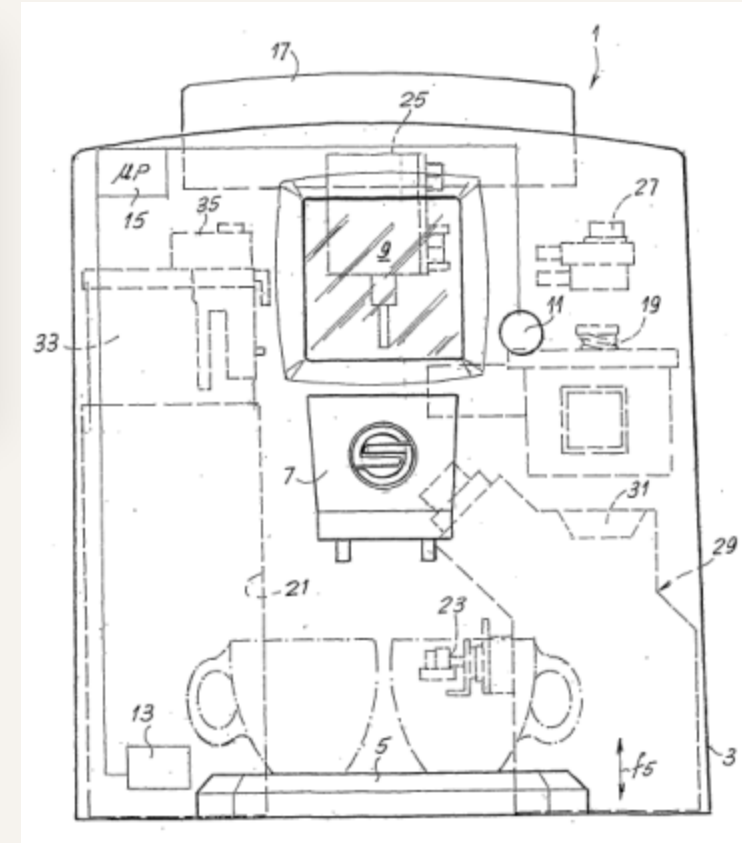

Similar Patent

음료들을 제공하기 위한 머신 (Machine for Dispensing Beverages)
10-2011-7004191

Claim 1: A coffee machine that **recognizes users** and functions related to the user information

Claim 3, 4: Machine that uses **fingerprints** or capillaries in fingertips to verify user

Patent 10-2011-7004191

Fingerprint Reader: 60\$

10x Coffee Machine

Raspberry Pi Camera: 2\$

30 times cheaper to verify users

One More Thing...

Who Are We?

Our Biggest Strength

TEN N TENS MEMBERS

Kim Hongju

Manufacturing Engineer

Song Chani

Mechatronics Engineer

Jung Jiwook

Application Developer

Cho Juhyun

3D Modelling Engineer

Joo Giyoung

AI Developer

TEN N TENS pursue to make a **10x happier world** by producing cost-effective products
